

UNIVERSITAT ROVIRA I VIRGILI

MARTÍ I FRANQUÈS COFUND

DOCTORAL PROGRAMME

www.urv.cat/cofund

OVERVIEW

Universitat Rovira i Virgili (URV) is the first public university in Spain to receive a MSCA-COFUND doctoral grant. The EU contribution for the programme is 4M €, which will be added to another 4M € from URV's own funds, in order to provide competitive salaries and working conditions to 50 PhD candidates. The programme is uniquely shaped to offer the best training stemming from the "triple i" principles of the Marie Skłodowska-Curie Actions: international, interdisciplinary and intersectorial. In order to achieve these goals, we combine leading research groups at URV with scientific partners from world-class institutions.

The positions are based on individual projects encompassing all areas of research at URV: Sciences, Health Sciences, Arts and Humanities, Engineering, Social and Legal Sciences.

As an institution, URV seeks to promote **gender equality** and increase **diversity**, in all of its forms, throughout all its programmes and especially through Martí i Franquès COFUND Doctoral Programme.

URV supports the European Commission's initiative **Science4Refugees**.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No. 945413.

With the support of:

EMPLOYMENT OPPORTUNITIES

In the 2021 Call, 20 selected PhD candidates will be the beneficiaries of a 3-year working contract, with all benefits attached, which include an intense multi-disciplinary and intersectoral training, the fruit of collaborations with over 50 partners that actively support this programme.

The MFP-COFUND programme offers:

- One of the best salaries at PhD level in Europe
- An international environment, supported by the adherence to the European Charter & Code
- Enrolment in excellent PhD programmes
- The opportunity to undertake research in one of the top 800 universities in the world (THE World Universities Rankings)
- Access to high-quality infrastructures for research & innovation
- Gender balanced, Open, Transparent and Merit based Recruitment
- **Equal opportunities for all**

OPEN CALL 2021

- Call launch: 1/7/2021
- Submission deadline: 6/9/2021
