Housing and Accommodation

Updated 19/03/2024

Dear international Student, researcher o professor,

Welcome to the URV. We recommend you not paying a long period accommodation before you visit it. Our advice for you is that you make a provisional reservation at a student residence or hotel for your first days in Tarragona. Once you have arrived, you can look up some information about renting flats and rooms, so that you know and find the suitable option.
